# CATCH ALL THE ACTION

## STREAM BASEBALL GAMES WITH MAJOR LEAGUE INTERNET

Speed matters in baseball—the speed from home plate to first base, the speed of a fastball pitched, and the speed with which a ball leaves the bat. If you're streaming games from home, the speed of your internet connection is also key. Too-slow internet results in buffering, which freezes the action and disrupts the fun.

To score a home run with your family and friends, sign up for super-fast internet from Spencer Municipal Utilities. It's a game-changer.

## Wind Energy's Impact on Farming

Wind energy projects benefit farmers and ag communities, and the Red Rock Wind Energy Center in Dickinson County is no exception.

According to a recent survey study by Dr. Sarah Mills at the University of Michigan's Center for Local, State and Urban Policy, landowners with wind turbines on their property:

- Invested twice as much into farming operations in the last 5 years than their neighbors without wind farms
- Bought more farmland in the last 5 years than other landowners
- Believe their land will be farmed into the future and not go idle
- Are more likely to have a succession plan in place for their farm

After 8 wonderful years of dedicated service, we bid a heartfelt farewell to our beloved bank teller, Pat, as she embarks on a well-deserved retirement! Pat has been more than just a teller; she has been a trusted friend to our customers and a vital part of our team. With a warm smile and exceptional service, she has made a lasting impact on everyone who walked through our doors. Join us in celebrating her remarkable journey and wishing her all the best in this exciting new chapter of life!

Pat's last day at the bank is Friday, Sept. 20, 2024. Please join us in wishing her well! Cards can be sent to the bank at PO Box 7980, Spencer, IA 51301.

HEAR BETTER FOR AS LOW AS \$200/MONTH WITH APPROVED FINANCING

We have many farmers, industrial manufacturers, and people working with heavy machinery in our communities. Something these professions have in common is that they are very loud.

We have actually coined a term called "Farmer Ear", which occurs when a person has been driving a tractor without hearing protection for a large portion of their life. Many farmers tend to turn around and check behind themselves during the day. Whichever direction the farmer chooses to turn will generally result in a more serious hearing loss in the ear closest to the machinery. How many years have you been in one of these professions? Does this sound like you?

Don't let untreated hearing loss make you miss out on anything this harvest & holiday season, hear every word, whisper and laugh!
